We constantly review our operations to ensure that we can provide an efficient, consistent and cost effective service to our customers. In order to meet our service commitments we have reviewed the expected increased seasonal demands on both our freight carriers and on our warehouse operations as we move into the peak summer trading period, which has determined the need to implement the initiatives above.

In addition to the above, if you are not already enjoying the benefits of placing your order via the Web Portal [www.tasmanliquor.co.nz](http://www.tasmanliquor.co.nz) and would like some assistance to set-up your 24hr ordering access, please contact us on 0800 108000.

We would like to take this opportunity to thank you for your support and wish all the best for the upcoming busy summer period.
