

We are improving the level of security to our servers and any customer using an old Internet Browser will be affected. If you notice a connectivity error to our portal please update your browser.

Customers are encourage to use one of the supported browsers below:

- Internet Explorer 7 or higher (PC)
- Internet Explorer 7 or higher (Mac)
- Mozilla/Firefox 32 or higher (PC/Mac/Linux)
- Safari for Iphone and Ipad
- Opera 12 or higher (PC/Mac)
- Omniweb 5.0 or higher (Mac)
- Google Chrome - Can be used but from time to time will have issues relating to how it refreshes pages. Due to this, some functionality may not work as expected.

Customers who use **Windows XP** may find our website does not work with Internet Explorer. XP Users are recommended to use an up to date version of Mozilla/Firefox or Safari.
